

WinBook Purchasing

Staples Abbotsford has provided the following list of three devices and price points. These devices meet the suggested specifications for student use.

Of course, families are welcome to purchase any device they choose from anywhere they choose for our BYOD program.

Chromebooks WILL still work for students in the Fall. Students do not need to replace their personal BYOD devices.

This information is for students who are looking to purchase a new device for BYOD.

Here are the 3 laptop options:

SKU [3057860](#) ASUS X515EA 15.6"/i3/8/512 SSD
